**Legislation Aimed at Inebriates.**

Men "visibly intoxicated" and conscious of a lingering thirst will ask for another drink at their peril if the Pennsylvania legislature passes a bill introduced by Representative M. Watson, of Indiana county. Mr. Watson would make the price of that particular drink, or even the request thereof, \$5 to \$20. It is unlawful now for a saloonkeeper to sell to a man "visibly intoxicated," or to an habitual drunkard or a minor, but the present law imposes all responsibility upon the saloonkeeper to determine the man's condition. Representative Watson would shift some of the responsibility on the man with the thirst; also upon the habitual drunkard and the minor who would ask the saloonkeeper to violate the law. His bill proposes a fine of from \$5 to \$20 for each attempt to get a drink under the circumstances.

**Parts and Signs of Goodness.**

If a man be gracious and courteous to strangers it shows he is a citizen of the world and that his heart is not island cut off from other lands, but a continent that joins them. If he be compassionate toward the afflictions of others it shows that his heart is like a noble tree that is wounded itself when it gives the balm. If he easily pardons and remits offenses it shows that his mind is planted above injuries, so that he cannot be shot. If he be thankful for small benefits it shows that he weighs men's minds and not their trash. But, above all, if he have St. Paul's perfection, that he could wish to be an anathema from Christ for the salvation of his brethren, it shows much of a divine nature and a kind of "conformity with Christ himself."—Bacon.

Everyone would be benefited by taking Foley's Cathartic for stomach and liver trouble and habitual constipation. It sweetens the stomach and breath, gently stimulates the liver and regulates the bowels and is much superior to pills and ordinary laxatives. Why not try Foley's Cathartic today? O. G. **GOOD WORK AMONG FILIPINOS.**

Women's Club Responsible for Amelioration of Conditions.

The Philippine Women's club, the first of its kind in the Philippines, is struggling to supplement its work of supplying sterilized milk to sickly, ill-fed infants by establishing a small maternity hospital and a training class for maternity nurses. This club was due to a suggestion from Miss Concepcion Felix, who was at the time a student of law and who in the course of her studies became interested in the woman movement in the western countries. This was in the summer of 1905, and Miss Felix's suggestion was so enthusiastically received that a club with a membership of several hundred native women was quickly formed.

Having determined to establish a center for the distribution of pure milk, the club gave a garden party in the palace grounds for the purpose of raising the necessary funds. More than \$2,500 was cleared at this entertainment and the sterilizing apparatus was imported from Paris. A building was contributed by Dr. Doherty and the work begun under the personal supervision of a number of well-known Filipino physicians.

At present the number of children cared for is between 50 and 75. The sterilizing department is said to be a little model of its kind.

**SPEED CONTESTS WITH BULLS.**

Form of Sport That is Extremely Popular in Burma.

A form of sport very popular in Burma is bull racing. These contests are largely attended by the natives, who bet considerable sums of money on the result. A native sportsman who owns one of these bulls, values it at \$12,000, and it is said to bring him in an annual income of from \$5,000 to \$7,000.

In Hagenback's famous zoo in Hamburg, Germany, are to be found several specimens of giant tortoises from the Galapagos islands. These monsters weigh several hundred pounds each, and have become quite tame. Frequently the German youngsters utilize them in races. The riders mount upon the backs of their ungainly steeds, and holding before the animal's mouth a head of lettuce attached to a rod, urge them on to greater speed until the end of the course is reached.—Sunday Magazine.

**Sneezing as an Art.**

"Yesterday," said the pretty girl, "I met a sneezing teacher. I don't mean a teacher who sneezes, but a person who teaches other people how to sneeze. I had always understood that New York attracts instructors in every art known to modern education, but a professor of sneezing struck me as a decided novelty."

"I am going to take a few lessons. The professor argues that he is a very useful member of society. Nobody, he claims, can prevent sneezing, no matter how many formulas and medications may be absorbed. But though a sneeze may not be avoided it may be cultivated, and from a stertorous snort it may be modified into a gentle, melodious trill. For anybody who is likely to startle the neighborhood with frequent sneezes the experiment is well worth while."

**Some Birds That Don't Migrate.**

"It is a curious thing," said Prof. Henry Bird, an ornithologist of Rye, N. Y., at the Remert, "that birds of European origin do not adopt the migratory habits of our native birds. The English sparrow never seems to get wise to the advantages of going south in winter to avoid the rigors of a northern climate, though he might get the tip from our wild owl or the robin family. Of late years we have had in Westchester county the starling, also an English importation, and I notice that this newcomer follows out the exact ways of his predecessor, the sparrow, in that he stays constantly in one place, regardless of the seasons."—Baltimore American.

**Insects with X-Ray Sight.**

A German scientist has discovered that many insects, such as moths and butterflies, have X-ray sight. This means that the eyes of these insects can see with something similar to X-rays objects invisible to human eyes unless aided by a fluoroscope. If ordinary sunlight has enough of the X-rays in it for the butterflies to see clearly, the world must be a strange sight to them. This scientist believes that they can see through the clothes and flesh of human beings and behold us walking about in our skeletons clad in a translucent covering of flesh.

**A Flat Child.**

"I was a flat child," he said. "I was born and brought up in a New York flat. I have never known what it is to live anywhere else." She looked him over. He was six feet two in his stocking feet and broad in proportion. He not only filled the chair he sat in, but he seemed in his great health and strength and bigness to fill the flat.

"You are not like those little flat dogs, are you?" she said. "Those little long dogs that are born under a chifforier to fit a flat, those Dachshunds?"

**His Game.**

When he had stepped on her feet for about the sixth time she stopped dancing. "I will sit down now," she said quietly. "I see that you prefer football."

**HELPFUL WORDS**

From an East Las Vegas Citizen.

Is your back lame and painful? Does it ache especially after exertion?

Is there a soreness in the kidney region?

These symptoms indicate weak kidneys.

There is danger in delay.

Weak kidneys fast get weaker. Give your trouble prompt attention.

Doan's Kidney Pills act quickly. They strengthen weak kidneys.

Read this E. Las Vegas testimony:

Charles O'Malley, electrician, 713 Main avenue, East Las Vegas, N. M., says: "Doan's Kidney Pills brought such marked benefit in my case, that I highly recommend them to other kidney sufferers. It was through a friend's advice that I procured Doan's Kidney Pills at Goodall's drug store and used them for pain in my back and kidneys. They quickly relieved me and I know their merit is in no way exaggerated."

**Sees Mother Grow Young.**

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatrick of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health. They invigorate all vital organs, cure liver and kidney troubles, induce sleep, impart strength and appetite. Only 50c at all druggists."
